Sales Associate → Programs | Learning Operations · Program Delivery · AI-Enabled Learning Design

PROFESSIONAL SUMMARY

Early-career operations and programs professional at Outskill (a GrowthSchool company). Joined in Sales and, within three months, independently designed and shipped an AI-powered learning platform now approved for company-wide adoption — while exceeding sales targets. Blends learning-experience design, curriculum research, program documentation, and operations analytics with frontline revenue delivery. Completed Outskill's flagship Accelerator as a learner, bringing first-hand insight into the exact program the Programs Team designs and runs.

PROFESSIONAL EXPERIENCE

Outskill (a GrowthSchool company) — Sales Associate

Bengaluru · Apr 2026 – Present

- Identified a costly training bottleneck — senior reps, managers, and 2–3 management staff manually running mock-call drills for every cohort — and **independently designed and built OutSkill Training, a live 11-level AI onboarding platform** that ramps new hires from day one to deal-ready: sequenced curriculum, program-knowledge assessments, and escalating live voice mock-calls (peer → director) with AI scoring, compliance flags, and manager progress reports. **Live for the 15–20-person Hyderabad sales team and approved for company-wide rollout.**
- **Researched and authored Outskill's single-source-of-truth Programs deck** — every program, pricing journey, and learner funnel across Sales, Ops, Support, Mentors, Customer Success, and Marketing — now the cross-functional onboarding reference.
- **Created and deployed five onboarding decks** (Day-1 schedule, HR induction, leave & attendance, POSH, and programs) used in live inductions for the new Hyderabad branch.
- **Automated a previously manual revenue-reporting process** into a daily-refreshing Google Sheets dashboard tracking domestic, international, and overall performance against the prior 3–4 months — giving leadership real-time visibility for coaching, forecasting, and resource decisions.
- Built per-rep and team **performance analytics on Dial Nexa dialer data** (leads, workshop show-ups, conversions, revenue), enabling the Associate Director, Growth to target coaching and reallocation decisions.
- **Delivered ~₹9.7L against a ₹7.5L target (~129%) in first full sales month**, ranking among the top ~7 of ~30 reps; partnered with HR on the Hyderabad launch, including ~15 personalized new-hire welcome communications.

EARLIER EXPERIENCE & LEADERSHIP

- **NoteFi — Co-founder:** Co-built a revenue-generating peer-to-peer academic-resource platform with DRM content protection; led early go-to-market and pursued incubation and mentorship.
- **CHRIST University — Director, UDAAN E-Cell; Departmental Representative, Centre for Social Action:** Directed 15+ events including INNOWAVE 2025, a three-day national conference; secured sponsorships and speakers; authored a feature published in The Hindu.
